PUBLIC HEARINGS

- 95. Conduct a public hearing and consider an ordinance amending Chapter 25-4 of the City Code relating to subdivision blocks, streets, and pedestrian access (C20-07-022). Recommended by the Planning Commission.

The public hearing was closed and Ordinance No. 20080214-095 was approved on Council Member Leffingwell's motion, Mayor Pro Tem Dunkerley's second on a 6-0 vote. Council Member Kim was absent.

- 96. Conduct a public hearing and consider an ordinance amending Chapter 25-6 of the City Code to require sidewalks for new buildings, major additions to buildings, and relocated buildings; to provide for administrative waivers from sidewalk installation requirements; and to allow a person to pay into a sidewalk fund instead of installing a sidewalk. Recommended by the Planning Commission.

The public hearing was closed and Ordinance No. 20080214-096 was approved with the following amendments on Council Member Leffingwell's motion, Mayor Pro Tem Dunkerley's second on a 6-0 vote. Council Member Kim was absent. The amendments to the ordinance are:

25-6-354 should read, "(A) an applicant may request to pay a fee instead of installing a sidewalk by filing a written request at the time the person submits a permit application in the manner prescribed by the director. An applicant who has not filed a request at the time of application may later amend the application to request to pay fee instead of installing a sidewalk.

(B) For a sidewalk required under Section 25-6-353 (Sidewalk Installation with Building or Relocation Permit), the director shall approve payment of a fee instead of installation of a sidewalk if the director determines that:

- (1) the property is used only for a residential use and has not more than two dwelling units;
- (2) on the date the property was subdivided, the land development regulations did not include a sidewalk requirement; and
- (3) less than 50 percent of the block face on which the property is located has a sidewalk.

(C) For a sidewalk required under Section 25-6-351 (Sidewalk Installation in Subdivisions), the director shall approve payment of a fee instead of installation of a sidewalk if the subdivision:

- (1) consists of five or fewer lots;
- (2) only includes residential lots, each of which contains no more than two dwelling units;
- (3) is a resubdivision of land that was originally subdivided on a date when applicable regulations did not include a sidewalk requirement; and

(4) less than 50 percent of the block face on which the property is located has a sidewalk.

(D) The director may approve payment of a fee instead of installation of a sidewalk if the director determines that installation is impractical because:

(1) there are no sidewalks in the vicinity, and it is unlikely that there will be development nearby that would require the installation of sidewalks;

(2) installation of the sidewalk would require the removal of a protected tree or other major obstruction within the right-of-way;

(3) a stormwater drainage ditch or similar public utility facility prevents the installation of the sidewalk, and neither the sidewalk nor the facility can be reasonably relocated to accommodate both the sidewalk and the facility;

(4) the topography would require the construction of a retaining wall more than two feet high to accommodate the sidewalk; or

(5) other unusual circumstances make the sidewalk installation requirement unreasonable or inappropriate.

(E) In making a determination under Subsection (D), the director shall give primary consideration to the following:

(1) the adopted neighborhood plan;

(2) information provided by the neighborhood planning team;

(3) information provided by a registered neighborhood association; and

(4) the approved City sidewalk plan.

(F) The amount of the fee is the current sidewalk installation cost, as determined in accordance with the Transportation Criteria Manual.

(G) A fee paid under this section must be used to install a sidewalk or curb ramp in the same service area, as established by the Transportation Criteria Manual.

(H) The City may refund the fee to the applicant if it is not spent within 10 years of the date of its collection.

97. Conduct a public hearing and consider an appeal by CWS Capital Partners, LLC, of the Planning Commission's decision to deny requested Waterfront overlay variances, under Section 25-2-713(B) of the City Code for property located at 300 E.
